

Letter series		Sggrrs							
Number type		485 4							
Number of axles		8							
Distance between: axels, bogie pivots	m	2 x 8.07							
Max. length over buffers	m	26.71							
Tare	t	42							
Class of railway track			A	B ₁	B ₂	C	D ₂	D _{3₂}	D ₄
Max. total weight	t	S	86	91.6	102	122	128.9	138	
Loading length	m	2x30'							
Loading width	m	For ILU up to 2.6 m width							
Loading height	m	/							
Loading surface	m ²	/							
Load volume	m ³	/							
Height of floor above top of rail	m	1.025							
Remarks:		The container is equipped with an pneumatic installation for discharging The wagon may not be transported without the container!
