***SUBJECT: Information on the provision of services of the carrier SŽ – Tovorni promet***

*Dear customers, dear business partners!*

*Please allow me to inform you about the situation in the provision of services of SŽ – Tovorni promet and the challenges that await us in the future.*

*First of all, I apologize for the somewhat worse performance of our services. This was due to planned and unplanned infrastructure obstacles at home and abroad, the lack of wagons (due to the slow turnaround and maintenance delays because of the COVID-related situation from previous months), sick leave and vacations in the SŽ Group and partners in the service chain.*

*At SŽ – Tovorni promet, we constantly strive to meet the expectations of our customers. Every day we implement additional measures to optimize the running of cargo trains with the aim of increasing throughput.*

*The fact is that investments in railway infrastructure are urgent and cannot be postponed. Therefore, we have to adapt our activities in the most optimal way. In order to maintain and ensure the appropriate quality of railway infrastructure and to further improve our transports, certain sections will be closed in the coming months, namely:*

*As a reliable carrier, we are actively preparing for the planned closures. We thank all users of our services in advance for their understanding of the situation. SŽ – Tovorni promet will continue to ensure that the Slovenian transport route remains reliable despite the planned closures.*

*I am convinced that with close cooperation we will successfully overcome the challenges that await us. The key is the timely flow of information, timely planning of your needs and, in certain situations, also adapting with the aim of greater throughput.*

*I would like to emphasize that the Slovenian transport route is still competitive and will continue to be so in the future. In the company SŽ – Tovorni promet, we are at your disposal to help you prepare optimal solutions for the transport of your cargo.*

*We thank you for your trust. I am at your disposal for any additional information.*
