Dear business partner!

On behalf of SŽ-Tovorni promet, we would like to thank you once again for the trust you have shown us throughout the years. With your help, we have grown and become a reputable and internationally recognized company. Despite constant changes in the market, both in railway transport and in other modes of transport, in recent years we have established ourselves as one of the leading railway carriers in the region. We are the most important railway carrier in Slovenia and one of the largest Slovenian exporters of services. In order for our company to grow and develop and to be able to follow your needs, we will continue to upgrade our services and look for solutions together with you and our partners in the logistics chain.

In order for our company to be able to successfully develop on international markets, on Thursday, 13 January, the Czech company EPH became the owner of SŽ-Tovorni promet with a 49% share. EPH is the leading Central European energy group, comprising more than 70 companies in the Czech Republic, Slovakia, Germany, Italy, Ireland, the United Kingdom, France and Switzerland. One of the four key pillars of the company are the railway logistics services, which the EPH Group successfully provides in various markets.

The conclusion of the strategic partnership is an important step in the development of SŽ-Tovorni promet. Together, we will expand our services to markets we are not yet present in, and develop new comprehensive logistics services for you. At the same time, we will accelerate the modernization of our rolling stock and optimize our processes. In this way, we will pursue goals that will enable further growth of our company and increase the satisfaction of you – the user of our services.

Due to the entry of the strategic partner, a new holding structure has been established. The company SŽ EP Logistika, d. o. o., in which Slovenske železnice has a majority share, was formed. The new company became the owner of SŽ-Tovorni promet.

The entry of the strategic partner does not change our cooperation. All our commercial and operational activities, daily coordination and your relationship with our colleagues remain the same.

Dear business partners! We are confident that we will continue to write success stories together. We assure you that SŽ-Tovorni promet will continue to be a trusted and loyal partner, for whom your needs will always come first.

We are looking forward to cooperating with you.

Best regards,
